

Sudoku

Dear Educators,

Here is a fun Sudoku puzzle designed just for you with objects/icons that are very dear to an educator's life. Each icon represents things associated with an educator's journey of teaching and learning. So let's start the game:

What is a Sudoku puzzle?

The aim of a Sudoku 5 X 5 grid puzzle is to enter the 'educator icons' (icon key below) in each cell of the grid in a way that each row (horizontally) and column (vertically) contains exactly one instance of each icon

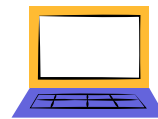

Marker

Lesson Planner

Coffee

Laptop

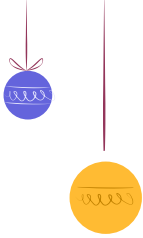

White Board

Instructions to solve the Sudoku Puzzle:

- Print the half filled 5 X 5 grid
- To solve the puzzle, you can either draw out the 'educator icons' or simply write the name of the object.

Remember:

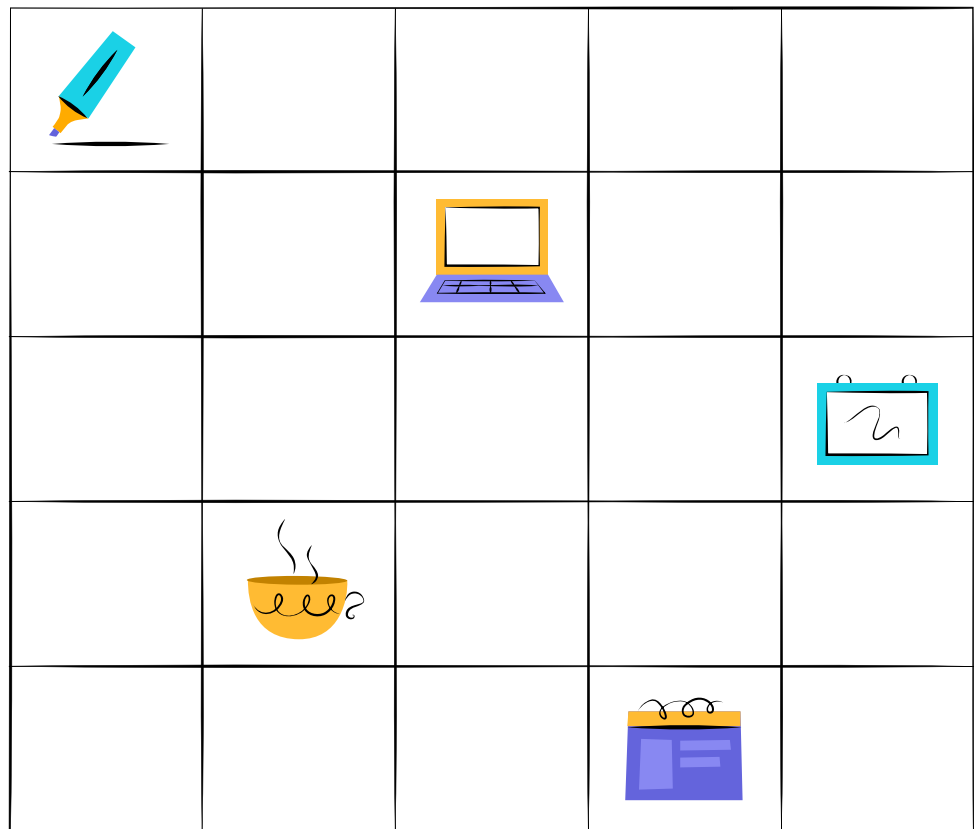

- Do not write or draw the icons that are already in the same column as the empty cell.
- Do not write or draw the icons that are already in the same row as the empty cell.
- Enjoy the time solving the Sudoku
